

PHILOSOPHICAL AGREEMENT

Serendipity A Chiropractic Wellness Center exists to make a positive contribution in the lives of people, by assisting them to express more Light in their lives, which is Life in the body.

Life which is Light, is the essence of what sustains us, from the moment of conception until our last breath. It is LIFE that creates, recreates, adapts and allows for well-being and healing within us.

The Nerve System is the medium used for the transfer of vital information essential for all Human Works from body functions to emotions, creativity, performance and spiritual expression. The "Innernet" is our link between the inner and outer world. By far, this is the most efficient, specialized, sophisticated, complex, and delicate biological information highway known to humanity.

The "Innernet" consists of the brain, the spinal cord, the nerves and the dazzling array of neurotransmitters. The extensiveness of the Nerve System is such that it is impossible to determine where the brain ends and the body begins.

A free flow in communication enhances one's ability to express, develop, and experience Life fully. Well-being, increased performance, and greater personal expression are the natural byproducts.

Chiropractic adjustments free up Life Force, which is Light, allowing every individual whether a newborn, an athlete, or a grandparent to enjoy more Life. This deepens everyone's potential to heal biologically and at the core. As a result of greater Life Force flow, all areas of a person's Life improve. In some, physical, emotional or mental challenges may clear up quickly, in others, the process is slower and in some, it is partial or not at all. Yet everyone will benefit on some level from greater Life expression.

Chiropractic is not a substitute, an alternative or a preventative form of medicine. Chiropractic specializes in the expression of Life, wellness, healing and well-being; whereas, medicine specializes in the diagnosis and treatment of symptoms, sickness and disease.

It is not Serendipity's goal or intention to diagnose, treat or attempt to cure any physical, mental or emotional ailments, nor to give advice about medical conditions. If while being served you become concerned about symptoms or conditions, we suggest you seek the help of a symptom, sickness and disease care professional. Our primary goal is to release Life in the body.

I (we), _____ the undersigned, have completely read and understood the above statement and choose to be served at Serendipity A Chiropractic Wellness Center with this understanding for ourselves and our family.
